OLAYINKA OLANIYI ODENEYE

TECHNOLOGY PROFESSIONAL | CLOUD, DEVOPS & SOFTWARE DEVELOPMENT

odeneye@gmail.com | +234 802 342 0653 | linkedin.com/in/olayinka-odeneye-5b08009 | github.com/devopsyinkahun

PROFESSIONAL SUMMARY

Technology professional with a background in Electronic and Electrical Engineering and an MBA in Finance, supported by extensive experience in technical support, telecommunications, network operations and project coordination. Experienced in troubleshooting computer systems, networks and business applications; supporting users; maintaining technical documentation; and coordinating technical activities. Currently expanding technical capabilities through recent study and practical learning in software development, Linux, cloud infrastructure, Docker and CI/CD. Interested in applying established IT experience alongside modern cloud and software engineering practices.

TECHNICAL SKILLS & RECENT LEARNING

Frontend: HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Tailwind CSS

Backend & APIs: Node.js, Python, PHP, REST APIs

Databases: PostgreSQL, MySQL, MongoDB; database design

Cloud & DevOps: Git, GitHub, Docker, Linux, AWS, CI/CD concepts, Nginx

Software practices: Responsive design, authentication and authorisation concepts, software architecture, testing, Agile development

IT operations: Helpdesk and technical support, computer systems and network support, troubleshooting, installation and configuration, system maintenance, user training and technical documentation

Note: Software development and DevOps technologies represent recent learning and developing hands-on capability; they are not presented as long-term professional employment experience.

PRACTICAL PROJECT

Personal Portfolio Website — Docker, AWS EC2 & GitHub Actions CI/CD (practical assignment in development). Scope includes building a responsive portfolio website; managing source code with Git and GitHub; packaging the site in a Docker container served by Nginx; deploying to an Ubuntu-based AWS EC2 instance; and configuring GitHub Actions to validate, build, deploy and run a post-deployment health check.

PROFESSIONAL EXPERIENCE

Project Coordinator / Technical Support | Sixtifizio Company | July 2016 – Present

• Delivered IT and helpdesk support services for enterprise clients, including troubleshooting computer systems and networks.

• Assisted users with business applications and antivirus software, including Kaspersky and McAfee.

• Maintained problem-and-solution records; consulted technical manuals; provided user training; and documented recurring issues.

Technical Support / Project Coordinator | Lepalm Networks Ltd. | February 2014 – July 2016

• Delivered IT and helpdesk support, including troubleshooting computer systems and networks.

• Assisted users in resolving business application and antivirus issues.

Assistant Manager, Networks (Level III Support) | Linkserve Limited | November 2007 – January 2013

• Monitored and supported VSAT, DNS and mail server services; supported network devices and upgrades.

• Provided business systems, internet and application support to users.

Technical Support Engineer — Early Roles | Various Organisations | 2002 – 2007

• Installed and maintained IT equipment, operating systems and network devices; provided on-site and helpdesk support.

• Conducted site surveys and supported link setups, cabling, device installation and employee equipment setup.

EDUCATION

MBA, Finance Specialisation — University of Lagos | 2022

B.Sc., Electronic & Electrical Engineering — Obafemi Awolowo University | 2003

CERTIFICATIONS

AWS Certified Cloud Practitioner — Amazon Web Services | 2024 | Scrum Fundamentals Certified (SFC) — SCRUMstudy | Cisco Certified Network Associate — Collaboration (CCNA-C)
